Address to the Muslim Rulers Regarding the Impending War on Iraq

- All praise is due to Allah SWT to whom belongs the Dominion and He alone do we worship and peace and blessings upon the Master of the Messengers Muhammed SAW our '*Uswatan Hasana*', the best of Allah's creation, whom he alone do we follow and he alone we consider our example.
- (Allahuma) Oh Allah nothing is hidden from You, you are The Knower of all things of what the limbs reveal and what the hearts conceal, bare witness ya Rab that You have said in your book:

إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ

The believers are nothing else than brothers [TMQ AL-Hujrat: 10]

- And we have responded
- Bare witness ya Rab that your Messenger our Prophet Muhammed SAW has said:

'Al muslimoona ummatun wahida, wa biladahum wahida wa harbahum wahida'
The Muslims are one, their land is one, their wars are one and their peace is one.

- And we have responded
- And bare witness ya Rab that He SAW also said:

'Man Ra Hakiman, mustahilan le haram Allah, Nakethan li ahd Allah, amillan fi Ibad Allah bil Ithm wa al udwan, wa lam yagaur lahu bifillin aw ghawlin can haqan ala Allah an yadkhulahu mudkhala.'

Whoever sees a ruler making halal what Allah has made haram, a betrayer of his trust with Allah treating his subjects the slaves of Allah as his enemies and oppressing them and does not seek to change this with deed or word than it is a right upon Allah to enter him into Jahnam.

- And to this Ya Allah today we respond., and to this Ya Allah today we respond.
- Oh rulers of the Muslim World, oh betrayers of the trust there is no question in our minds that you have betrayed your Deen
- There is no question in our minds of your unparalleled deceit and treachery. Of your oppression of this ummah and your conspiring against her and against this Deen with the colonialist aggressors.
- A calamity is about to unfold before your very eyes, a knife is about to be thrust in the Heart of this Ummah and you seem to be polishing and sharpening its blade
- There are quarter of a million US and British troops today on your soil and waterways **enjoying your hospitality** as they prepare to kill the Muslims of Iraq.

- There are thousands of tanks, battle ships and war planes fuelling and servicing **with your compliments** before they unleash their terror on innocent women and children.
- **With what authority do you allow this?**
- **With what injunction from Allah have you justified this?**
- And when all the ummah is against this, tell us who is it exactly that you represent and serve with this act of treason?

روى الحديث عن ابن مسعود أن النبي (ص) قال: "لكل شيء أفة تفسده و أفة هذا الدين ولاية السوء"

Indeed as our Messenger SAW said: "**For every matter, there is a thing that spoils it, and what spoils this deen is the evil rulers**". [Imam Suyooti : Saheeh] (Al-Harth narrated on the authority of Ibn Masood)

- Today thousands have gathered at your embassy doors, not to lobby, not to request, but to demand of you, because Allah demands of you, to undertake actions for once in your treacherous reigns of rule that are in line with the Aqeedah of Islam that you profess to believe in.
- Of the **Saudi Government** we demand that as the leading oil producer in the world, it should stop providing oil to America, Britain, Australia, Italy, Spain and any other country that threatens Iraq with military force.

That it should not allow the home of Allah's Messenger to be used as a launching pad for any land invasion against his followers and should immediately close all US military bases including the Prince Sultan air base.

- Of the **Turkish Government** we demand that you stand up to US bullying and bribes and to ensure that no invitation is extended to house America's 62,000 troops that will facilitate the an invasion of Iraq from two fronts the north and the South

We also demand the immediate closure of the Incirlik and Diyabakir air bases so that America cannot effectively police the northern no fly zone.

- Of the **Qatari Government** we demand the immediate closure of Al Udeid airbase, which houses the longest runway in the Middle East, and refuse the US airforce permission to use this base to bomb Iraq. In addition we demand that you close down America's central command's proposed HQ, which will be the focal point from where the war will be prosecuted against your brothers, the Muslims of Iraq.
- Of the **Kuwaiti Government** we demand that you close down Camp Doha and Camp Arifjan that you expel all US and British troops of your soil so no invasion of Iraq can take place from its southern border
- Of the **Government of Egypt** we demand that with immediate effect you close the **Suez Canal** to prevent any US and British warships from passing from the Mediterranean to position themselves to attack Iraq.
- As for the Governments of **Iran, Pakistan & Syria** those who hide behind neutrality your position is not honourable far from it. To be neutral when the lives of innocents

are at stake is to be unjust and cowardly. Rather you should send your combined military strength for the defence of your brothers.

- Further to this we demand from **all Muslim countries** the collective boycott of all goods from America, Britain and any other belligerent states, the closure of their multinationals, the expulsion of their diplomats and the freezing of their assets if they attack Iraq.
- Oh Rulers of the Muslim world the will of this Ummah has been presented to you today as clear as day what is your response to this?
- Either you act upon these demands and honour yourselves and your ummah through her unity and the Khilafah or step down from your post
- Know that Allah is a witness to all that you do and know that these demands have been presented to you today with the hope of achieving one of two objectives,
 1. To provide you with alternatives to your treachery to act upon, redeem yourselves in front of Allah, ask for His Taubah and dwarf your history of deceit with an action worthy of your claim to Islam.
 2. Or to expose your flagrant treachery for all to see so that on the day when all will be revealed and you stand in front of Malik Al Mulk no 'huja' excuse can you bring to save you from Allah's punishment.
- And how we hope that you take the first option, even though history tells us to expect nothing of you but Humiliation and anguish.
- Yet we are yearning for you to surprise us for once in your lives surprise us, we are aching for you to prove us wrong. However we are not holding our breath.
- Oh rulers of the Muslim world also know this that what you see to day in opposition to your rule is nothing in comparison to the winds of change that blow over your lands
- The return of the Khilafah is an unavoidable reality it is inevitable and will happen with or without your consent.
- It is the true Islamic leadership that will end your despotic rule, that is free from cowardice and injustice that understands that Ruling is not '*tashreef*' **honour** but '*takleef*' **duty**, and only honoured are those who are dutiful to Allah. That is not '*izza*' **Glory** but '*masoliyaha*' **responsibility** and only glorified are those who undertake their responsibility in a manner that pleases Allah.
- Oh Rulers of the Muslim world, the end is nigh. Soon the balance will be set, through the intellectual and political struggle and you and the interests of those you serve will be uprooted from the Muslim lands:

Bism Allah Rahman Al Raheem

وَسَيَعْلَمُ الَّذِينَ ظَلَمُوا أَيَّ مُنْقَلَبٍ يَنْقَلِبُونَ ﴿٢٢٧﴾

"And soon will the unjust know what change in circumstance their affairs will take" [TMQ 26:227] Repeat X3
